Firms Submitting Proposals:

Advanced Resources, LLC
COMPA Industries, Inc.
JAG Professional Services
J.R.'s Cleaning Service
Lloyd Staffing
Rainmaker Staffing
Source One Staffing

Dear Proposer:

Thank you for your participation in the City's RFP No. 5-5 for Temporary Laborer Services. The evaluation panel for this RFP convened earlier this month to evaluate all proposals submitted to the City. As opposed to a standard Bid, the City evaluated the proposals using a multitude of factors aside from, but including, pricing. The factors utilized to evaluate the proposals are as follows:

- Operational Experience of the Proposing Firm;
- Qualifications of the Proposing Firm;
- Proposer's Demonstrated Understanding of the Project and Methodology;
- The Overall Responsiveness of the Proposal; and
- Proposed Project Costs.

The evaluation process for this project entailed a two-step process. In the first step, each of the aforementioned technical factors was assigned a weight and all proposals were scored against those established criteria. In the second step, a ratio of costs analysis was performed, comparing the cost proposals of each firm. Following this process, the evaluation panel ranked **Advanced Resources, LLC** as the highest-rated Proposer. As such, any subsequent negotiations and contracting procedures will be carried out between the City and Advanced Resources, LLC exclusively. Copies of all proposals are now available for review, upon request.

I would like to thank you for all the time you contributed during this RFP process. If your firm was not selected during this RFP process I kindly ask that you ensure that your firm is registered on the City's Online Vendor Database. This will enable the City to contact your firm in the event there are future Bids or RFPs of a similar nature. The website for this database is as follows:
